

LONG SHOALS LONG SHOALS PARK on LITTLE EASTATOE CREEK

DESCRIPTION

At only about a mile in length, the trail at Long Shoals Park is not a stand alone hike, but a convenient and worthwhile add-on to other outings accessed along SC11. It is also excellent for visitors wishing to sample the beauty of the region with little effort. Replete with bold pristine stream, rapids, and an impressive, accessible rockery, it attracts trout fishermen and summertime swimmers. The trail starts from the upper parking lot and loops out and back , paralleling the creek. Another, pleasant, fishing access trail, downstream of the shoals, is accessed from the lower lot.

DIRECTIONS (34.948511, -82.850936)

Long Shoals Park is on SC11, 4 mles north east of the bridge across upper Lake Keowee.

There is a pottie at the park.
